---

### ABOUT US

California Counseling Clinics is an innovative mental health clinic that provides a range of traditional therapy services, in addition to the research-based, cutting-edge Solution-Focused Single Session Therapy modality. Single Session Therapy includes a clinical team consultation mid-session, which is central to the collaborative nature of our company. CCC is composed of an energetic and growing team of highly skilled professionals who work collaboratively to fulfill our values of excellence, professionalism, responsiveness and timeliness, and who work from a solution-focused lens. If these values align with your own, and you are interested in possible growth opportunities, our team is waiting for your energy, motivation and creativity!

---
